End of Year Project Highlights

Currently underway:

- Policy data analysis
- Preparation for the validation exercises
- First periodic review
- Final conference planning

Funded by the
European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

Die Umfrage

- Online für die Teilnahme vom 22.08.23 bis 16.10.23
- Maßgeblich durch die SUB Göttingen und UB Bielefeld realisiert
- Technische Umsetzung in Limesurvey, gehostet an der Uni Bielefeld
- Umfragedesign ...

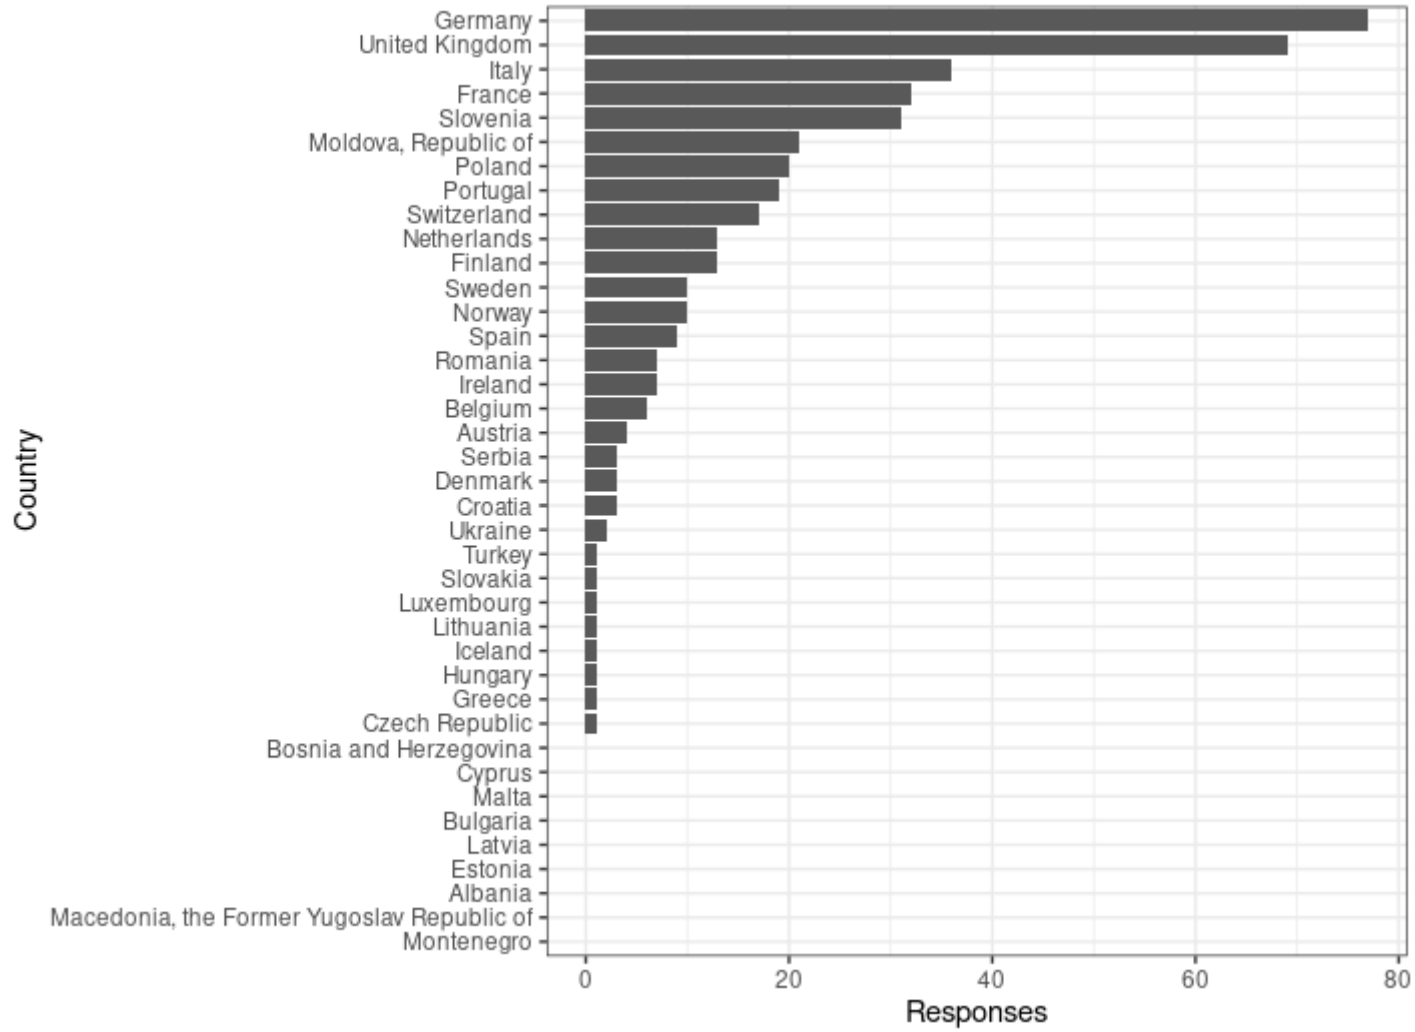

Umfragedesign

1. General questions
2. Open access policy
3. Stakeholders and players
4. Attitudes towards policy-design
5. Attitudes towards measures to promote open access books
6. Policy measures
7. Feedback

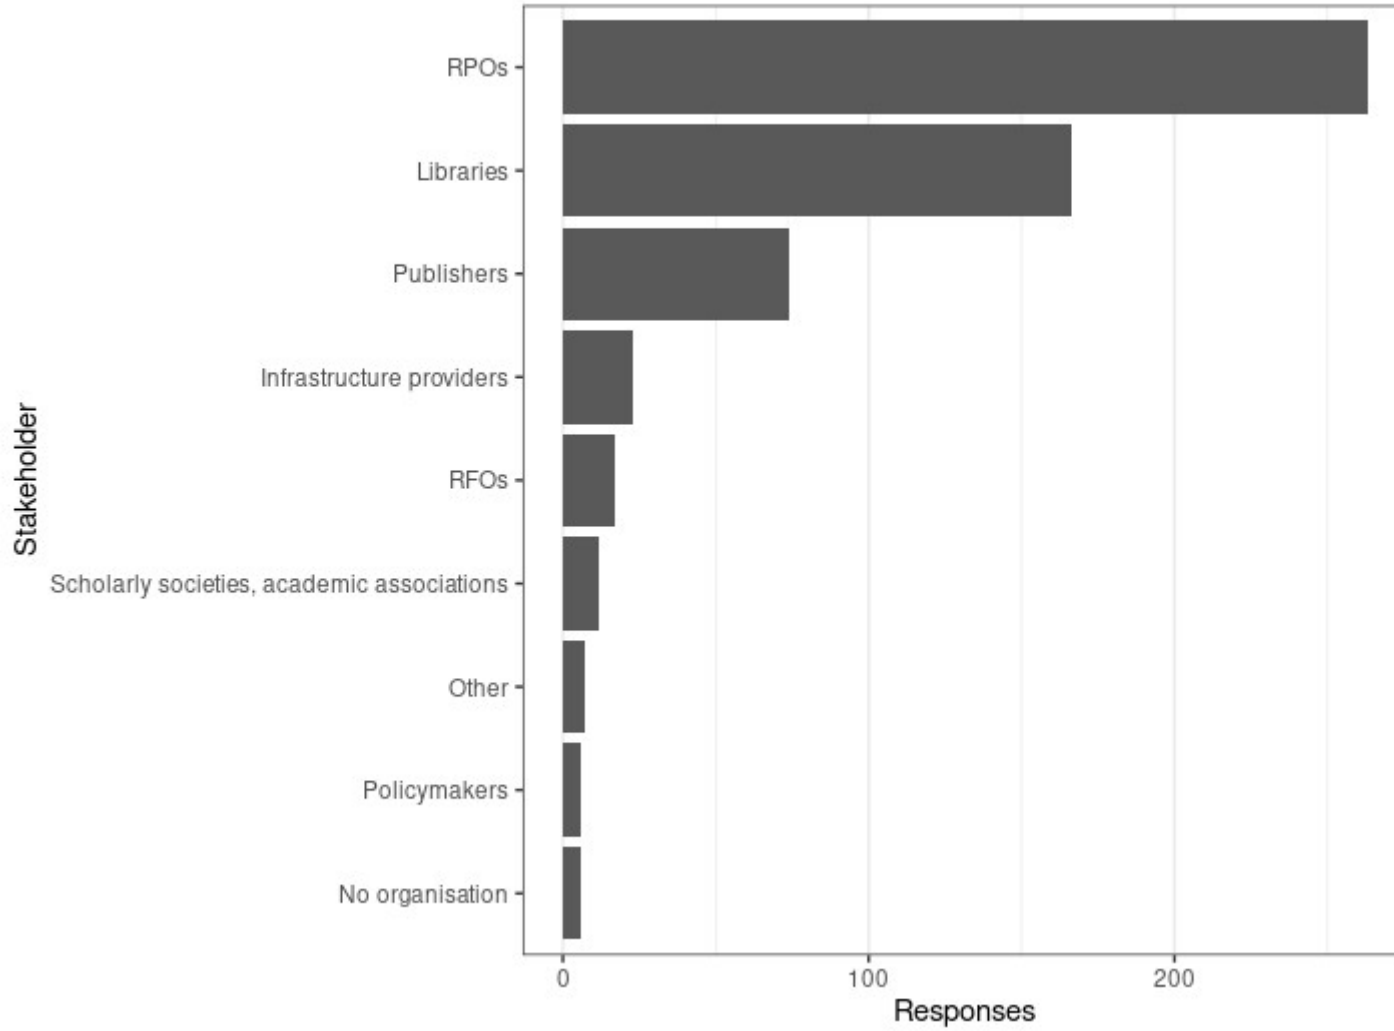

Survey responses per country (n=420)

Funded by the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

Survey responses per stakeholder (n=574)

Funded by the
European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

Professional involvement in open access (n=420)

Funded by the
European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

Funded by the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

Does your country have a national open access policy?

If yes,

Are open access books included in this national open access policy?

Does your country have a policy exclusively dedicated to open access books?

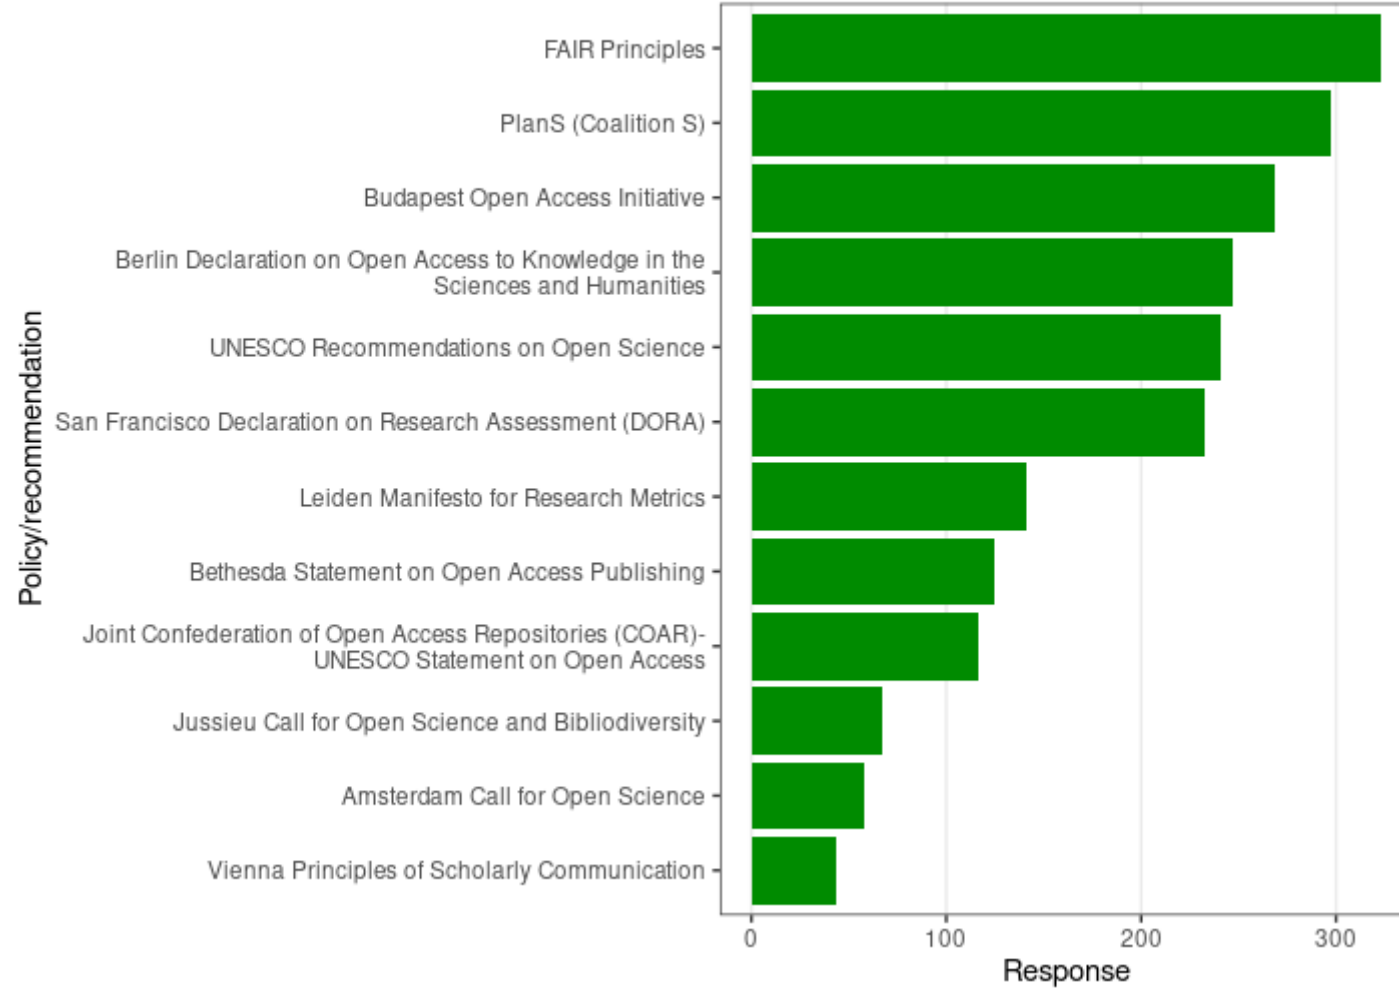

Responses
 Yes
 No
 I don't know

Funded by the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

Which of the following policies/ recommendations are you familiar with?

Funded by the
European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

How important are the following stakeholders for the implementation of open access book policies in your country?

Funded by the
European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

How important should the following stakeholders be for the implementation of open access book policies in your country?

Funded by the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

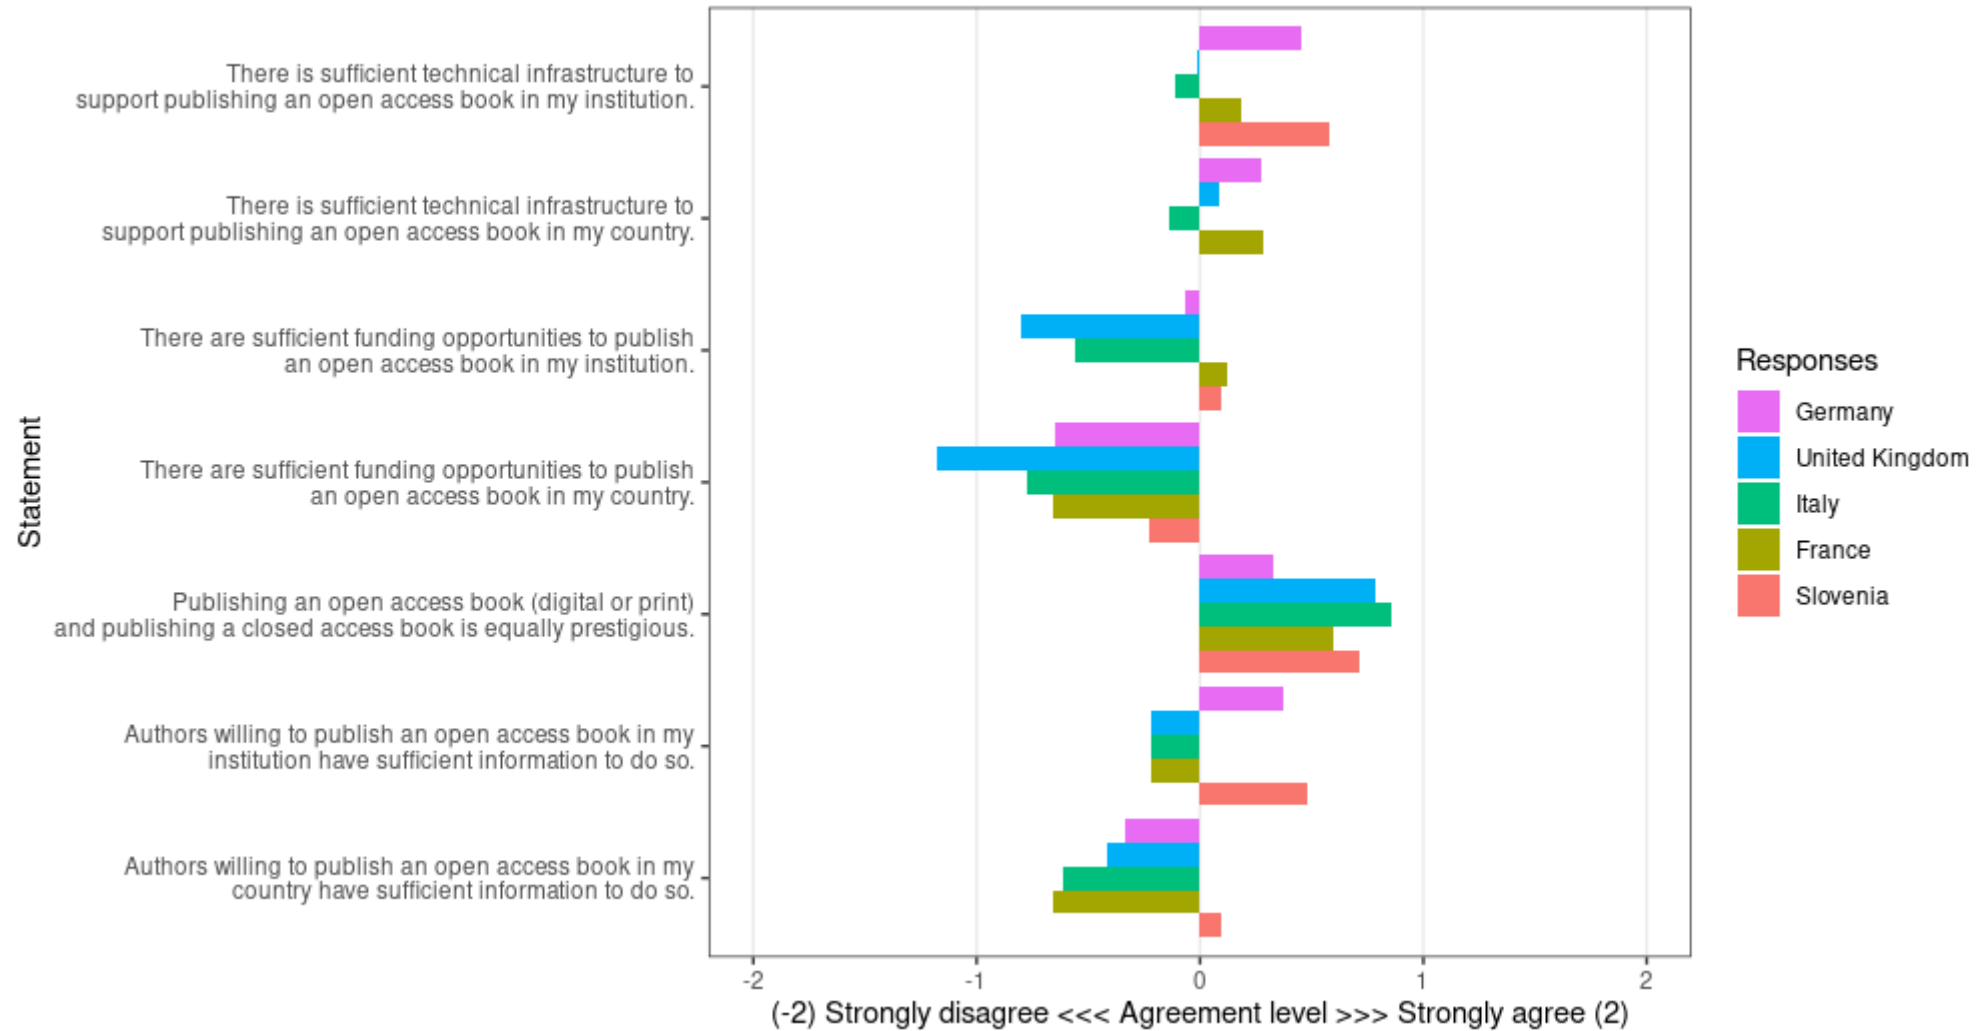

Attitudes towards open access policy-design

Funded by the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

Conditions for open access book publishing

Funded by the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

Perceived importance of measures for open access books

(1/7)

Statement

Funded by the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

Perceived importance of measures for open access books

(7/7)

Funded by the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency. Neither the European Union nor the granting authority can be held responsible for them.

Anmerkungen

- Die Umfrageergebnisse betonen die Wichtigkeit der Verbesserung von Finanzierungsmöglichkeiten für Open Access-Bücher
- Die Open Access-Transformation würde von der Vereinheitlichung von Open Access-Strategien und -Richtlinien durch Forschungsförderer profitieren (→ wahrscheinliche Erhöhung von Sichtbarkeit und besonders Verständlichkeit der Policy-Landschaft)
- Notwendigkeit für verbesserte Informationsbereitstellung und erhöhte Aktivität bzgl. Publizieren von Open Access-Büchern
- Bibliometrische Daten für (Open Access-) Bücher müssen dringend an Qualität gewinnen, um die Entwicklung der Open Access-Transformation für Bücher bewerten zu können
