## Featured Collection

**MARKLE FOUNDATION®**

The Markle Foundation Special Collection concentrates on research relating to the intersection of privacy and information exchange within the policymaking landscape. Covering topics as far-ranging as health, education and national security, the documents in this collection concentrate on the use of networked information to address public needs.

## ▶ Living and Learning with New Media: Summary of Findings from the Digital Youth Project

[Report Misuse or Glitches](#)

 SHARE    

**Publication Date:** November 2008

**Publisher(s):** Digital Youth Project

**Author(s):** Mimi Ito; Heather Horst; Matteo Bittanti; Danah Boyd

**Funder(s):** John D. and Catherine T. MacArthur Foundation

**Special Collection:** John D. and Catherine T. MacArthur Foundation

**Topic:** Media, telecommunications, and information (Broadcasting)

Population and demographics (Children and youth)

Social conditions (Social research)

**Keywords:** Digital expression; Youth media use; Self-directed online learning

**Type:** Report

**Coverage:** United States

### Abstract:

This white paper summarizes the results of a three-year ethnographic study, funded by the John D. and Catherine T. MacArthur Foundation, examining young people's participation in the new media ecology. It represents a condensed version of a longer treatment of the project
